Winter is upon us and we need to save  
our pennies to pay for the coal. Well Harry,  
those clever chaps at FastFit Station can help!  
They’re offering a fabulous deal. A winter  
service inspection for ONLY  
£29.99 inc. vat. ”*

## 12-Point Winter Inspection - What you get...

- Air Con/Heating System** - We'll test your air con/heating system to make sure it's de-misting your screen effectively.
- Ancillary Drive Belts** - We'll check that your vehicle's drive belts are in good condition to ensure correct operation of the engine ancillaries.
- Anti-freeze** - We'll check and report on the anti-freeze strength.
- Brakes** - We'll check that your vehicle's brakes are in a safe and serviceable condition.
- Cooling System** - We'll check condition of the coolant hoses to alert you to the possibility of premature failure.
- Duxback Glass Treatment** - A treatment will be applied to disperse water and reduce ice forming on your windscreen.
- Lights** - We'll check that all your lights are in correct working order.
- Oil** - We'll report on your engine's oil condition and level.
- Starter and Charging** - We'll check the operation of your starter motor/charging system.
- Tyres** - We'll ensure your tyres are at the correct pressure and check that they are in good condition.
- Windscreen Washer Additive** - We'll make sure your windscreen washers stay frost free with a top up.
- Wiper Blades** - We'll check and report on the condition of your wiper blades.
